EXPORT PACKING AND CRATING

The following firms offer export packing and crating. Packing for exports, especially ocean freight, requires greater care than for regular domestic shipping, as well as special markings. Export packers may also be familiar with various shipping facilities and carriers.

EXPORT-RELATED INSURANCE

Insurance agencies can offer a variety of types of insurance for exporters. Generally, exporters require two different types of coverage: marine insurance and export credit insurance. The firms listed below may offer one or both types of coverage.

Marine insurance is used to insure export shipments against physical damage or loss during transit from seller to buyer.

Export credit insurance is used to insure export receivables against the failure of a foreign buyer to pay for the goods.

TRANSLATION SERVICES

At times it is necessary for an exporter to translate documents either from or into a foreign language. Translations may be required for such things as orders and contracts, other documents, product literature, brochures and manuals. The firms and/or individuals listed below provide professional translation services. While some may specialize in one or a few languages, many translation firms offer services for numerous languages.
